I was a long time president of the club Elema in the past, and I was one of the founders who planned and organized the exhibition FOTOMEDIA (a formidable print exhibition locally in Macedonia and abroad as well), hosted by the club. As an active member of the Foto Assembly of Macedonia I have an important role in planning, organizing and hosting exhibitions and other manifestations. I am very active especially with younger members of the national club trying to pass to them my long time experience in analogue and digital photography as well. FIAP BLUE BADGE

Hank Roland
Germany

My first intensive contact with the subject of photography began in 1976. At that time, a photo course was offered as an optional subject in the school. In 1987, when finish study, I purchase my first SLR camera. In 1992, two years after my first long-distance trip to Thailand, I began to present my pictures in small slide shows. Till now I still enjoy travel photography. In 2002 I started to present my pictures and travel reports in a photo and travel portal. Because I began more and more using he medium internet, I had the first contact with digital photography. But it took 3 more years to found my digital peace in form of a DSLR. I'm engaged in the German photo club AKF Kaufbeuren. Since mid 2010 I am participating in national and international photo contests with growing success. In 2014, I achieved my biggest national success with winning the South German Photo Championship and winning the national German Photo Club Championship with my club AKF Kaufbeuren in 2017 and 2019. In April 2018, I was awarded EFIAP/p (Excellence FIAP Platin). I am not specialized in a particular genre, my special abilities lie more in versatility. I like to exercise many different photographic genres.
