FIAP BLUE BADGE

Pillik Manfred, EFIAP
Austria

In 1949 I was born in Linz a. d. Danube was born where I also live. Professionally, I enjoyed working as an organ builder until 2010. I was interested in photography at an early age and didn't really start taking photos until 1983. In 1991 I received the title "EFIAP". After my retirement in 2010, I finally found the time for photography.

First and foremost, I am a photographer who waits for the right moment and wherever possible to depict an action. Whether in sports photography or in nature. Otherwise I photograph everything that arouses my interest. I'm used to taking narrow sections and paying attention to the lines and proportions.

I am currently taking photos with a Nikon D500 with zoom lenses from 10 mm to 600 mm.

I am still full of expectation to discover and hold onto new things.
