# FIAP BLUE BADGE

**Suszkiewicz Ole**  
 Denmark

I am almost 80 years old. Photography has always been my biggest hobby. To capture a moment with the camera and bring it to life as a picture. I started sending out to competitions ca. 40 years ago and have obtained more than 4.000 awards in international salons. Many years ago I bought the amateur vision of Photoshop: Elements 5, and I have never upgraded or used other programmes. I prefer experimental pictures, where I can create my own reality. I think, it is important, that a photo has a soul, is telling some kind of story. It is not always easy, but when I feel, I have done it, I am happy. To make photos is to be a live!
