Jovanovski Vladimir, EPSA, GPU CR3, North Macedonia

Vladimir Jovanovski, EPSA, GPU HERMES, RISF5, was born in 1983. He is a distinguished photographer from Macedonia and the most successful representative of Macedonian photography, having taken part in numerous international exhibitions around the world. He has exhibited his works in 35 countries and as a result, has received over 100 awards and certificates. He was proclaimed by The Photographic Society of Macao as one of the 100 most influential photographers in the world. In 2018, he has received the award for best world photographer from the Photographic Arts Federation of Turkey. His biggest successes, according to him, are the projects 'The other one hundred' and 'On Macedonian photography'. He was a member and president of the Photo cinema club 'Kozjak' from Kumanovo. Currently he is an active member of Photo club 'Kumanovo'. He is also the director of Malinski Photo Festival, an honorary member of Image Sans Frontier, Image Colleague Society and the Photo Club 'Kragujevac'. He is also a representative of PSA, GPU and ISF for the Republic of Macedonia and the current president of IAAP. When it comes to his photographs, he is not a mere recorder of things. He has a sense of the space around him, feeling the light, the ambient and life. He is constantly in search of all these things, confronting inner feelings, transferring them into his photographs. In the last couple of years, his approach has been more thematic.

FIAP BLUE BADGE

GABRIELS Sara, EFIAP/g, GMPSA
Belgium

I bought my first DSLR in 2016 and immediately enrolled in an entry level photography course. The start of an amazing adventure. By the end of 2017 I decided to try my luck in the international photography competitions. I wanted to find out if I had a place in the amateur photography world.

Today I am the proud owner of the MPSA/2 and the EFIAP title and many – national as well as international - titles, medals, awards and trophies and several Blue Badges.

One of the highlights this year was winning the title "Champion of Belgium" in my own country. This recognition means a lot to me and would not have been possible without the support of my sons and a close friend. So I'm very grateful to them.

My first love is night photography. However today I equally finds pleasure in portrait photography, street photography and macro as well. I am driven and doesn't rest once I set my mind to it. I operate from the heart. My images don't need further explanation. Every image must connect with me before being published. Without this 'seal of approval' the image holds no value for me and doesn't get to see 'the light of day'.

I challenge myself every day and am firm believer that things can always be better. This commitment to perfection keeps me focused and dedicated.
